

Finn Valley College Anti-bullying policy

1. In accordance with the requirements of the Education (Welfare) Act 2000 and the *Code of Behaviour guidelines* issued by the NEWB, the Board of Management of Finn Valley College has adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the *Anti-Bullying Procedures for Primary and Post-Primary Schools* which were published in September 2013.
2. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour:
 - A positive school culture and climate which
 - is welcoming of difference and diversity and is based on inclusion;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 - promotes respectful relationships across the school community;
 - Effective leadership;
 - A school-wide approach;
 - A shared understanding of what bullying is and its impact;
 - Implementation of education and prevention strategies (including awareness raising measures) that
 - build empathy, respect and resilience in pupils; and
 - explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
 - Effective supervision and monitoring of pupils;
 - Supports for staff;
 - Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
 - On-going evaluation of the effectiveness of the anti-bullying policy.
3. In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools* bullying is defined as follows:

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- **deliberate exclusion, malicious gossip and other forms of relational bullying,**
- **cyber-bullying and**
- **identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the Traveller community and bullying of those with disabilities or special educational needs.**

Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the

definition of bullying and should be dealt with, as appropriate, in accordance with the school's code of behaviour.

However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

Additional information on different types of bullying is set out in Section 2 of the *Anti-Bullying Procedures for Primary and Post-Primary Schools*.

School Procedures for dealing with Bullying

The school's procedures for investigation, follow-up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows:

- A student or parent may bring a bullying concern to any staff member in the school.
- The staff member will report the incident to the class teacher of the student affected by the bullying.
- In general a shared concern and restorative approach to bullying is adopted.
- Depending on the seriousness and nature of the concerns two different procedures may be adopted:
 - **If in the professional judgment of the relevant class teacher the incident is quite small then the following procedure is applied:**
 1. The class teacher (and another member of staff should the class teacher deem this necessary) on receiving the report will listen supportively, treat the incident seriously and subsequently record in writing on the appropriate form the concerns raised.
 2. The class teacher (and another member of staff should the class teacher deem this necessary) will talk to the other student(s) involved in the incident to ascertain his/her version of events.
 3. The class teacher may talk to other people including teachers, SNAs and other students to get a better picture of the behaviour and so make an informed and balanced judgment.
 4. All of the above interviews will take place outside of the classroom setting.
 5. The class teacher will use his / her professional judgment to determine if bullying has occurred.
 6. In the first instance a Restorative Practice approach is used to resolve the conflict to avoid apportioning blame and to repair the damaged relationship.
 7. The teacher will take a calm, unemotional and problem-solving approach with a view to securing a resolution.
 8. The class teacher may contact the parents of the students involved to help reach a resolution.
 9. If the shared concern or restorative approach has been unsuccessful then the incident is passed to the Year Head. A second approach at a restorative resolution is attempted and if this is unsuccessful the Year Head may apply a sanction provided for in the school's Code of Behaviour. This process will take a maximum of **20 days** after which time the incident will be reported to the principal.
 10. Either the class teacher or the Year Head (if the incident has been passed on) will report the incident and the resolution to a member of the Pastoral Care team and to the Principal.
 11. The Principal informs the parents of the students involved of the incident and the outcome.
 12. The Principal informs the Board of Management at the next meeting convened.

• **If in the professional judgment of the class teacher the incident is of a more serious nature then the following procedure is applied:**

1. The class teacher (and another member of staff should the class teacher deem this necessary) on receiving the report will listen supportively, treat the incident seriously and subsequently record in writing on the appropriate form the concerns raised.
2. The class teacher informs the student affected by the bullying behaviour that the matter will be referred to his / her Year Head.
3. The Year Head (and another member of staff should the class teacher deem this necessary) interviews all of the relevant parties mentioned in the concerns raised in a sensitive manner and keep a written record of all versions of events as well as a record on the appropriate form.
4. The Year Head may talk to other people including teachers, SNAs and other students to get a better picture of the behaviour and so make an informed and balanced judgment.
5. All of the above interviews will take place outside of the classroom setting.
6. The Year Head will use his / her professional judgment to determine if bullying has occurred.
7. The seriousness of the incident will be stressed as well as the school's obligation under law to address the incident.
8. Parents will be contacted and required to cooperate with the investigation and efforts to reach a resolution.
9. Having heard all versions of the incident(s) the Year Head may invoke the assistance of the Principal or Deputy Principal as necessary to assist in the investigation and resolution of the incident(s).
10. The seriousness of the incident(s) will be reiterated as well as the school's obligation to deal with it.
11. In the first instance a Restorative Practice approach is used to resolve the conflict to avoid apportioning blame and to repair the damaged relationship.
12. The Year Head will report the incident to a member of the Pastoral care team to ensure proper supports are in place for all parties involved.
13. The Year Head and/or other relevant person involved will take a calm, unemotional and problem-solving approach with a view to securing a resolution.
14. Given the nature of the bullying concern parents will be invited to discuss the situation with a view to finding a resolution.
15. If, after an investigation, no resolution has been found and the bullying behaviour continues for more than **20 days**, the Year Head will inform the Principal or Deputy Principal.
16. The Principal or Deputy Principal will review all written records and listen to all parties involved in the matter.
17. A further opportunity for a restorative solution will be explored with the students and parents.
18. If after 20 days from the first date of reporting there has been no restorative solution the Principal or Deputy Principal records this on the appropriate form.

19. Having reviewed all of the reports and having listened to all parties the Principal or Deputy will present a final opportunity for a restorative resolution to the matter. If this does not occur then a sanction from the Code of Behaviour up to and including suspension or expulsion may be imposed where a judgment of bullying is made against one or more students. Any sanction applied will be proportionate to the behaviour.
20. The Principal or Deputy Principal will have regard for the individual merits of each case.
21. Expulsion may be invoked where there is clear evidence of serious wrong doing and bullying as defined and described in this code and where there is no undertaking given that the bullying behaviour will not be repeated or where there is a repeat of the bullying despite assurances given.
22. The appeals process for suspension and expulsion as laid out in the Code of Behaviour will be available to parents or students over 18 years of age.
23. In extreme cases and depending on the circumstances the Principal or Deputy Principal may alert the Garda Síochána of the bullying behaviour.
24. The Principal informs the parents of the students involved of the incident and the outcome.
25. The principal also informs parents of their right to avail of the school's complaints procedure if they are unhappy with how the procedure was dealt.
26. If the parent is still unhappy the principal informs them of their right to complain to the Ombudsman for Children
27. The Principal informs the Board of Management at the next meeting convened.

These procedures comply with Section 6.8 of the *Anti-Bullying Procedures for Primary and Post-Primary Schools*.

- Incidents are reported to the Pastoral Care Team and an appointment is made for the student(s) to discuss emerging issues.

- Other interventions may be put in place to improve the self-esteem and confidence of the student affected by the behaviour including student mentoring, referral to outside agencies, targeted friendship development initiatives and so forth.

- Students may be encouraged to become involved in team-building activities within or outside of the curriculum.
