Important Note: It should be noted that risk in the context of this risk assessment is the risk of “harm” as defined in the Children First Act 2015 and not general health and safety risk. The definition

of harm is set out in Chapter 4 of the *Child Protection Procedures for Primary and Post- Primary Schools 2017*

In the context of the Children First Act 2015 the risk of “harm” to the students in our care must be assessed and managed. Harm is understood in the context of the meaning defined in the legislation to mean:

(a) assault, ill-treatment or neglect of the child in a manner that seriously affects or is likely to seriously affect the child’s health, development or welfare, or

(b) sexual abuse of the child,
whether caused by a single act, omission or circumstance or a series or combination of acts, omissions or circumstances or otherwise;

“ill-treatment” means, in relation to a child, to abandon or cruelly treat the child, or to cause or procure or allow the child to be abandoned or cruelly treated;

“neglect” means, in relation to a child, to deprive the child of adequate food, warmth, clothing, hygiene, supervision, safety or medical care;”

“welfare” includes, in relation to a child, the moral, intellectual, physical, emotional and social welfare of the child.”

In undertaking this risk assessment, the board of management has endeavoured to identify as far as possible the risks of harm that are relevant to this school and to ensure that adequate procedures are in place to manage all risks identified. While it is not possible to foresee and remove all risk of harm, the school has in place the procedures listed in this risk assessment to manage and reduce risk to the greatest possible extent.

This risk assessment has been completed by the Board of Management on 8/03/2018. It shall be reviewed as part of the school’s annual review of its Child Safeguarding Statement.
