

GARTAN OUTDOOR EDUCATION & TRAINING CENTRE

RESULT OF MASCOT COMPETITION

Gartan Outdoor Education & Training Centre recently asked for the help of Primary School pupils in Donegal to create a MASCOT that would represent what we do at Gartan OETC. The mascot had to reflect our “Green” ethos and be made from clean, recycled materials.

The mascot will live indoors but like any true adventurer will spend a lot of time outdoors, probably hoping to have its photo taken many times. It had to be fairly sturdy and transportable to Gartan OETC.

The theme chosen was An Adventure Sporty Figure who cares about the Environment. Dimensions were to be no bigger than 5ft x 3ft and no smaller than 3ft x 2ft.

All entries were really imaginative and of a very high standard. Clearly, time, effort and creativity went into each mascot. Gartan OETC would like to thank all the schools for their excellent entries, and their interest.

A shortlist of finalists was selected by the judges. A Gartan OETC representative visited the shortlisted schools to view the mascots, and selected the winner.

The winning mascot from **Edeninfagh National School** will be prominently displayed at the Centre with the schools name beside it.

The Prize is a day of activities at the Centre for the class of the winning entry. The winning and shortlisted entries will be posted to the Gartan Facebook page.
