

Donegal ETB grants for local Youth Clubs and Youth Activities

Donegal Education and Training Board has received an allocation of €42,607 to fund volunteer-led Youth Clubs and Groups providing youth oriented activities for 2015.

Under the scheme, grants are available to local youth clubs/groups to assist with their development needs, including supporting administration, programme and services costs.

Over the years, this funding has been a life line for volunteers running weekly Youth Clubs and Activities in community centres and parish halls all around the county.

Volunteers play a vital role in developing social skills and encouraging young people to take a positive active role in the local community.

Funding is available for all manner of activities and for the purchase of new equipment and costs associated with travel and insurance.

Applications are now being accepted and Clubs and Groups are encouraged to apply as soon as possible.

The closing date for Grant applications is **17th April 2015**. For further information and application forms for the Local Youth Club Grants Scheme log on to www.donegaletb.ie
