Have you always wanted to learn a musical instrument but not sure which one? Wondered what sound a clarinet makes, how to hold a trombone, blow into a flute, tune a guitar or even what the difference is between a violin and a viola? Well, here is your chance to find out!

Donegal Music Education Partnership invites you to a series of Come and Try sessions where our tutors and students will give an introduction to the various instruments taught in our music service and then give you an opportunity to try them out. You will also hear performances from some of our current students.
